Yes, a joint press release went out late morning. It has already been picked up by several news outlets.

Aloha Ernie and Erwin,

I am transmitting the EPA/DOH letter which extends the deadline for submitting comments to July 20, 2015 for the proposed Administrative Order on Consent for the Red Hill Bulk Fuel Storage Facility.

Have a great day!
Stuart

Importance: High

Aloha Jared and Keith,
Since the July 1st deadline for comments is fast approaching, can you update me on whether or not you will be granting an extension to the public comment period for the AOC and SOW since 5 copyrighted documents listed in the Administrative Record were not available for public inspection on June 1, 2015. I understand that these documents were not available until June 18, 2015. This is the basis for

our formal request for the extension of at least 17 calendar days. Please let me know if the extension request has been granted and what is the new deadline for receipt of comments. Mahalo!
